5 Bedroom, 3.00 Bathroom, 2,062 sqft
Residential on 15.30 Acres

NONE, Rural Lethbridge County, Alberta

Tucked along the banks of the Oldman River, this handcrafted log home rests on over 15 acres of private countryside, framed by rolling coulees, endless skies, and uninterrupted water views. Built in 2018, it's a home that tells a story — one written in massive timber beams, soaring vaulted ceilings, and the warmth of reclaimed wood floors that echo the rhythm of the land outside.

At its heart, a grand great room opens under exposed log walls and wagon-wheel chandeliers — the kind of space that feels both grounded and alive. The open-concept kitchen pairs old-world craftsmanship with modern sensibility, complete with stone counters, a central island, and premium appliances. Gather around the wood-burning stove, step out onto the deck at golden hour, and watch the landscape fade into a quiet that few ever get to call their own.

Below, a fully finished walk-out basement offers more living space and additional bedrooms for family or guests — all with the same sense of warmth and connection to nature.

Beyond the main home, a detached heated garage and workshop with a full second-floor loft extends the property's versatility — perfect for a studio, guest suite, or private office overlooking the river valley.

Whether you're drawn to its architectural soul, the peace of its setting, or the sheer

rarity of a property like this.
